### Desidered Employment and Current Skills

#### System Administrator, DBA, Programmer, Consultant

Over the years, thanks to my thirst for knowledge, I have gained extensive experience in computer science ranging from operating systems to programming languages and platforms upon which the latter are based. Along this path I have continued to improve my approach to problems always trying to implement optimal, generalized and reusable solutions (OOP, Design Patterns). In some academic work opportunities I've been able to demonstrate excellent teamwork skills and capability to collaborate with external groups. Another virtue I possess is the ability to solve almost any computer problem thanks to the excellent information gathering skills and the many years of experience in the computer science field.

### Computer Skills

Languages JAVA, JavaScript, C, C++, SQL, PHP, HTML5, CSS3, LESS, PYTHON, BASH, L<sup>A</sup>T<sub>E</sub>X, Doxygen, Qt, Gtk  
Platforms Unix, Linux, Windows, Apache, Node.js      DB MySQL, PostgreSQL

### Experience

#### Working

2009-Now **Web Developer**, *Insite*, Buenos Aires, Argentina.

Windows Server2008/2010 and MSSQL Server 2008/2010 administration, creation and modification of T-SQL stored procedures and SQL queries, development of ASP.NET/C# based websites, development of C# applications and general computer consultancy.

## Other

2011-2012 **Web Developer & Co-Founder**, *Vitbok*.

Vitbok is a social network based in the idea of recreate a person's personal diary. In Vitbok you can share you "day a day" an then, afterwards, return and remember what you did that day. You can also post pictures and postits in your diary's page, dragging them to wherever you want. The postits are also helpful as reminders of future appointments. You're diary can be, both, private (it can be seen by only you) or shared (your friends can also see it).

## Education

2006- **Licentiate in Computer Science**, *Universidad de Buenos Aires*, Buenos Aires, Argentina.

2002-2005 **Electronic Technician high school Diploma**, *E.E.T N° 6*, Buenos Aires, Argentina.

Course of studies in Electronics.

## Languages

Spanish **Mother Tongue**

English **Intermediate**

French **Basic**

## Interests and Hobbies

I love any sport but I prefer Basketball and Ping Pong. I enjoy reading technical and classic literature books but I don't mind psychology and novels either. I love fishing and diving even if I don't practice really often that activities unfortunately.

## Extra

**qoo** Simple PHP framework written with MVC (OOP) programming in mind that I worked on with a friend of mine.
